Christmas Eve @ SGI (22nd December 2017, Friday)

As it is rightly said, "Never let the age extinguish the innocence of your inner child", the Samalkha Group of Institutions celebrated the spirit of Christmas in its ground area on 22nd December 2017 with all pomp and show. The celebration in the midst of exams lightened up the atmosphere of pressure and tension. It created an environment of cheerfulness and excitement.

The college wore a festive look with Christmas tree decorated with baubles and streamers, Christmas flowers and hollies, while the children and faculty members were in their best festive attire. Pictures of Santa Claus adorned the walls of the classrooms, while the buildings reverberated with 'Jingle bells' and other carols. The Santa Claus showed up with a bag full of chocolates.

The celebration began with the reading of special message of its chairman (Mr. Ajay Goyal). This was followed by Bible reading and carols recitation.

Thereafter, Santa Claus distributed the sweets and chocolates to all the members out there. In the end, everybody had a selfie with Santa.

CAREER COUNSELING DRIVE

Samalkha Group of Institutions has left no stone unturned to achieve its goals towards students. To bring the change in the society, the college went on to various schools to guide the students so that they can become the bright future of the country.

It is usually observed that students get deviated due to lack of guidance and the possible bright future gets dulled in the darkness of ignorance. With so many choices, heightened competition and uncertainty around what career is right for them, it's easy for students to feel overwhelmed. That anxiety can lead to poor decisions that manifest in wasted time, money and energy. In fact, 1 in 3 high school students will choose a college major that's a poor fit with their interest and abilities. Hence, the proper career counseling plays its major role in building the future as it can help in determining a student's true potential.

Hence, the teachers of SGI went to schools of Samalkha, Panipat, Sonipat, Kharkhoda, Ganaur and even Karnal in the month of December in order to bring awareness among the students regarding their career. C.A. Dr. Sarita Goel (Member Executive) with all her vision guided the teachers for the same. She divided the teachers into various teams. The team members then proceeded with their assigned schools. The way students actively participated showed the level of curiosity to explore various career options. This drive didn't only benefit the students but also the faculty members out there as they realized the actual importance of career counseling at the right time.

Efforts were put in at its best and the result was overwhelming which motivated SGI and its team to come up with such innovative ideas over and over again. The success of the drive was the outcome of coordinated team effort and the unstoppable guidance of our Member Executive, Sarita Mam.
