ORIENTATION PROGRAMME

Mentoring is a particular form of relationship designed to provide personal and professional support to an individual. The mentor is generally more experienced than the mentee and makes use of that experience in a facilitative way to support the development of the mentee. The mentoring relationship provides a developmental opportunity for both parties and can thus be of mutual benefit. In a nutshell, a student mentor's role may be perceived to be facilitative, supportive and developmental for the student community in general and first year student in particular.

Hence Samalkha Group Of Institutions, Samalkha organized an Orientation Programme for the newly admitted students at the Institute premises on 17th August 2018 began with the welcome of the students dignitaries, faculty members and Distinguished Guest of the event, Mr. Lokesh, CEO of Teachcorporate who graced the occasion with his presence.

Followed next was lamp lighting ceremony accompanied by Saraswati Vandana.

Next, a brief description of the Institute, which included the motto, history and reputation of college along with recent achievements, was given by Ms Shreyata (Assistant Professor Management Department).
