Webinar – “Data Analysis and interpretation”

(12th June, 2021)

Faculty of Management at Samalkha Group of Institutions (SGi) organized a Webinar for Management Students. This will provide practical knowledge to the students about different techniques of data collection and data analysis.

This webinar is very much necessary for BBA and MBA as they have to do research work in many Phases of their career. Data analysis is a process of cleaning, transforming, and modeling data to discover useful information for business decision making. The purpose of Data Analysis is to extract useful information from data and taking the decision based upon the data

analysis.

Data Interpretation is the process of reviewing data through some predefined processes which will help assign some meaning to the data and arrive at a relevant conclusion. We at SGi always believe in inculcating practical awareness and research based approach in our students. This enables them to utilize the expertise in practically implementing the knowledge at their work place.
